

Eligibility for Declaring Major

a) CGA \geq 1.5

b) Credits earned \geq 17* *(Excluding the 3 credits from HMAW1905B)*

From Fall 2024 to Spring 2025

Requirements should be met by the
end of **Spring 2025**

For SENG students

Evaluation of Year 1 Academic Performance

SENG programs

Choices	Ranking Requirements
CBE/CIVL/CPEG/CSE/ECE/ IEDA/MAE/SUSEE	<ul style="list-style-type: none">• Best 24 credits¹, include at least 2 Engineering Introduction courses ^{2,3}

Notes:

1. Best 24 credits earned in Fall, Winter and Spring 2024-2025 in HKUST
2. If credits are transferred for the courses, other course grades would be used in the calculation.
3. Engineering Introduction courses are BIEN1010, CENG1000, CENG1500, CENG1700, CIVL1100, CIVL1210, COMP1021/COMP2011/COMP2012H*, ELEC1100, ELEC1200, ENGG1100, IEDA2010, ISDN 1001, ISDN1002, ISDN1006, MECH1902, MECH1906 and MECH1907.
4. If students have been confirmed to have committed cheating in a course, the grade point of that course (usually zero) must be included in the “Best 24 credits” for deriving the ranking position as a way to deter students from cheating.

*Only 1 of COMP1021/COMP2011/COMP2012H will be counted as Engineering Introduction course. For students who took COMP1021 & COMP2011/COMP2012H, COMP1021 will be used in the calculation as an Engineering Introduction course.
